

SINCE 2010

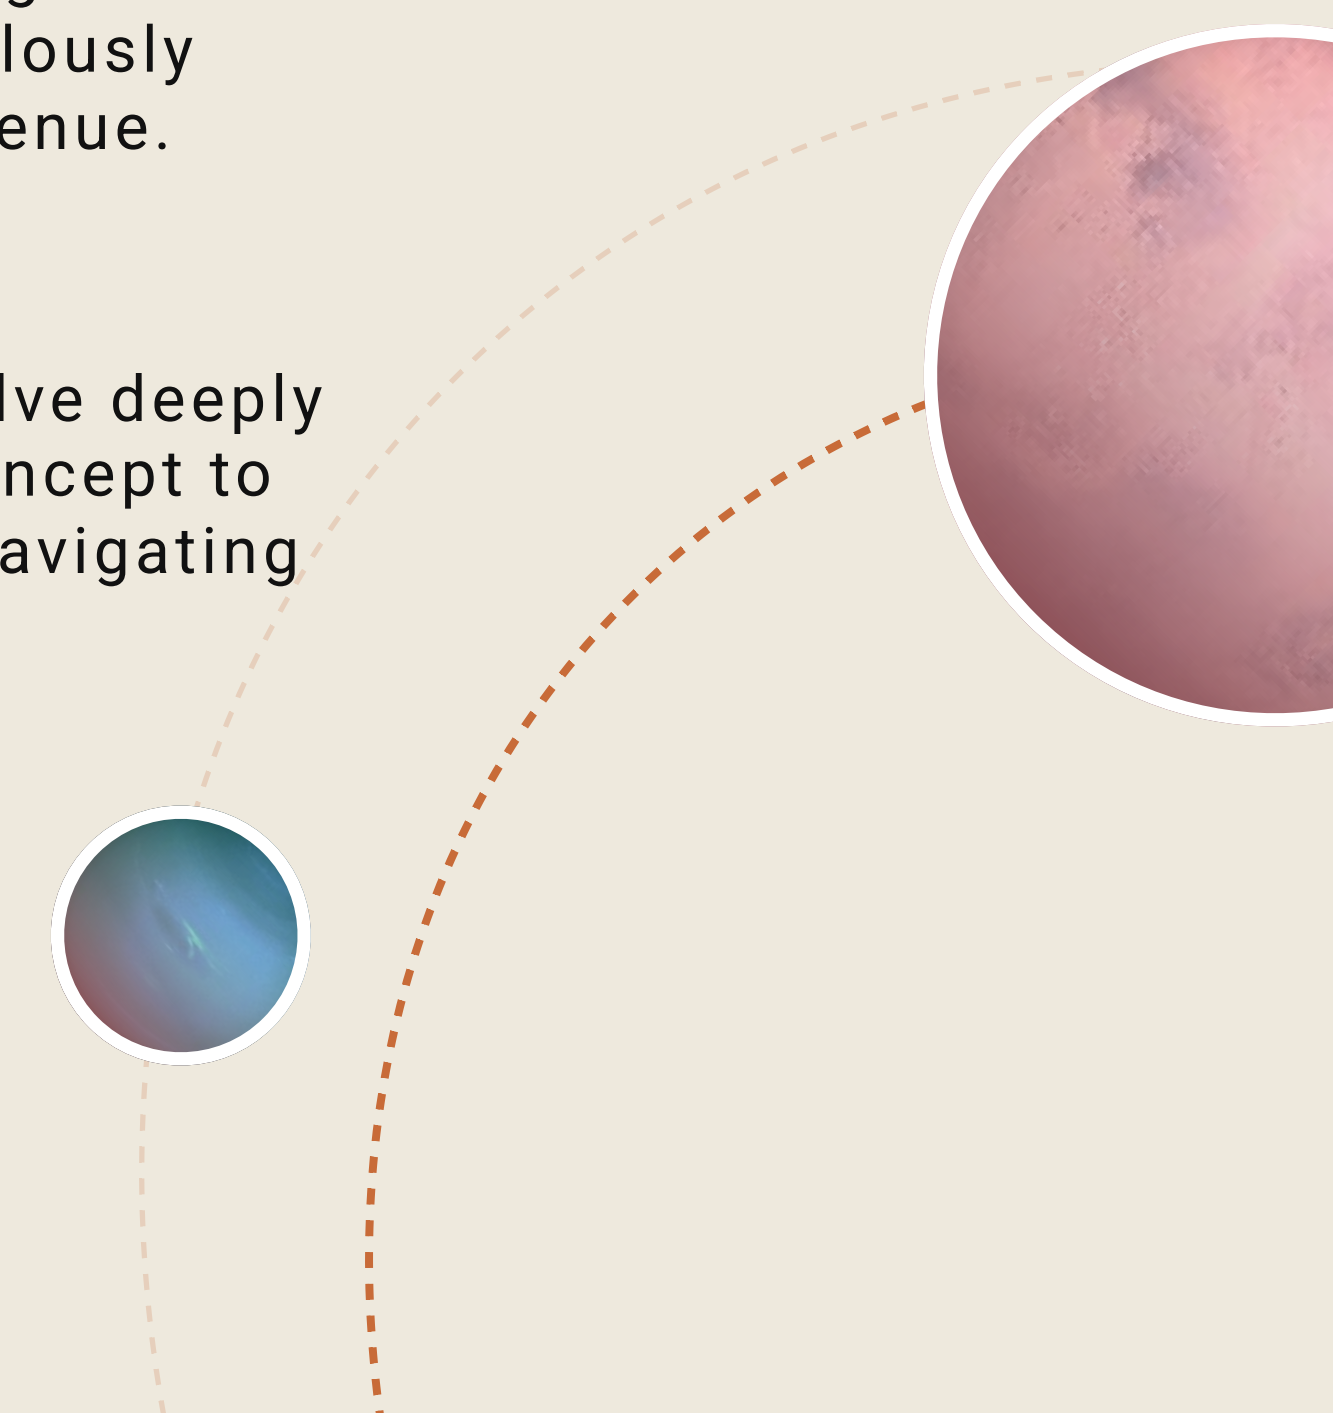

ELEK+RIK

LEAVE NO THEORY UNTESTED

WHO ARE WE?

Founded during the transformative app boom era, ELEK+RIK has established itself as a premier powerhouse in app development. We specialize in expediting the journey of solopreneurs to market, with meticulously engineered software designed to maximize revenue.

Distinguished from traditional agencies, we delve deeply into the business aspects, guiding you from concept to launch with exceptional speed while expertly navigating potential pitfalls.

MISSION

Our mission is to empower solopreneurs and businesses by providing innovative, high-quality app development and digital solutions that drive revenue and market success. We are dedicated to delivering exceptional value through comprehensive services, rigorous market testing, and unparalleled client support.

MISSION

**ONLY MOBILE APP DEVELOPMENT COMPANY TO BE
ENDORSED BY KEVIN O'LEARY AND NIGEL FARAGE**

ELEK+RIK

We guarantee a design you will love at first sight, offering unlimited revisions until you are fully satisfied. Should we fall short, we promise a full refund. Your vision merits more than a generic approach, and we are dedicated to realizing it.

OUR 5 CORE DEVELOPMENT PHASES

01. Usability
study/ competitive
research

02. Wireframes
and mood board

03. Look and feel
(Homepage)

04. Final design
prototype

05. Finalization
and handover

OUR CLIENTS

We are honored to have collaborated with prestigious brands including NFL, Mercedes-Benz, BMW, Hyundai, Toyota, Korean Air, Suntory, Sapporo, and Chang.

WHAT OUR CUSTOMERS SAY

MICROSOFT

"ELEK+RIK and his dev team were fundamental in getting my idea off the ground and ready for consumers. Given scope and size of project, he was very successful in taking a simple idea and allowing it to come to life in a way I didn't expect. I would highly recommend him to anyone with a genuinely great or unique idea to take to market."

COCA COLA

"ELEK+RIK brought a refreshing approach to our digital strategy. Their innovative solutions and exceptional service have significantly improved our online interactions, resonating with our brand's dynamic and vibrant spirit."

NATIONAL WATER COMPANY SAUDI ARABIA

"Collaborating with ELEK+RIK has been a game-changer. Their technical prowess and strategic insights have optimized our digital platforms, ensuring seamless and efficient customer service delivery."

NFL

"ELEK+RIK expertise has revolutionized our digital presence, providing our fans with an engaging and user-friendly experience. Their commitment to innovation and excellence mirrors our values, making them a valuable partner."

MERCEDES-BENZ

"ELEK+RIK transformed our digital presence with exceptional precision and innovation. Their dedication to quality and attention to detail have elevated our brand, making our online experience as luxurious as our vehicles."

BMW

"The team at ELEK+RIK delivered outstanding results, enhancing our user experience and digital engagement. Their expertise and creativity are evident in every aspect of their work, aligning perfectly with our commitment to excellence."

WEB DEVELOPMENT

You have 15 seconds to WOW! your next website visitor. Is your site up for the challenge?

OUR DESIGN PROCESS

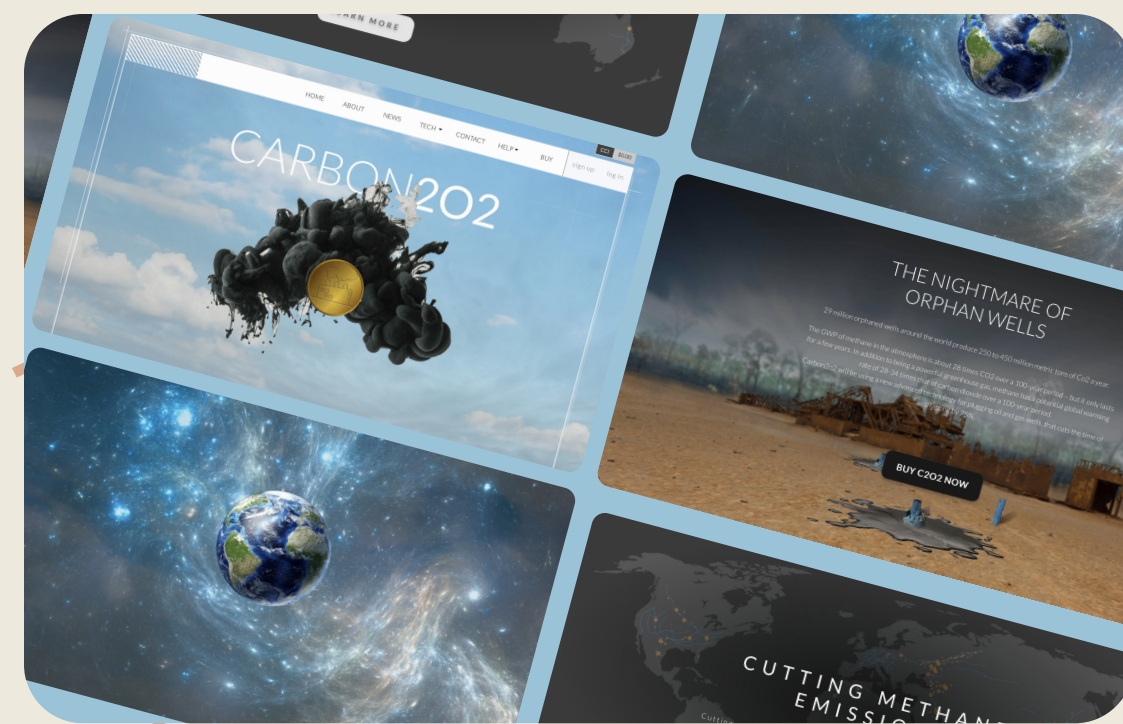

A good site starts with incredible design: Our process begins with a meeting. We will sit down with you and brainstorm about disruptive, innovative site concepts that will help us promote your business and make your website stand out from the competition. Once we have identified the direction we want to go conceptually, our designers will get down to work.

DEVELOPMENT

Once the designs are approved, our development team will bring the vision to life by transforming the designs into a fully functional, responsive website. We will work closely with you during this phase to ensure the site performs flawlessly across all platforms and devices.

BLOCKCHAIN

Only a handful of development teams can claim to be 82% comprised of developers with 9 or more years of experience in Blockchain, given how new the industry is.

Phase 1

We analyze your existing business systems and IT infrastructure to determine whether or not blockchain would be a good fit your company.

Phase 2

We develop in-depth wireframes, prototypes and design in order to finalize all functionality and scope, as well as provide an interactive visual interface of what the blockchain app will look like.

Phase 3

We develop and deploy the application. We provide extended warranty, testing, and support.

AI DEVELOPMENT

1. CUSTOM AI SOLUTIONS

Every business is unique, and so are our solutions. We work closely with you to understand your challenges and goals, developing AI models and algorithms that deliver real, measurable results. From predictive analytics to natural language processing, our custom AI solutions are designed to give you a competitive edge.

3. NATURAL LANGUAGE PROCESSING (NLP)

Unlock the potential of language data with our NLP services. Whether it's sentiment analysis, chatbots, or language translation, our NLP solutions can help you understand and interact with your customers more effectively. We use state-of-the-art techniques to process and analyze large volumes of text data, providing you with actionable insights and improved customer experiences.

5. AI CONSULTING

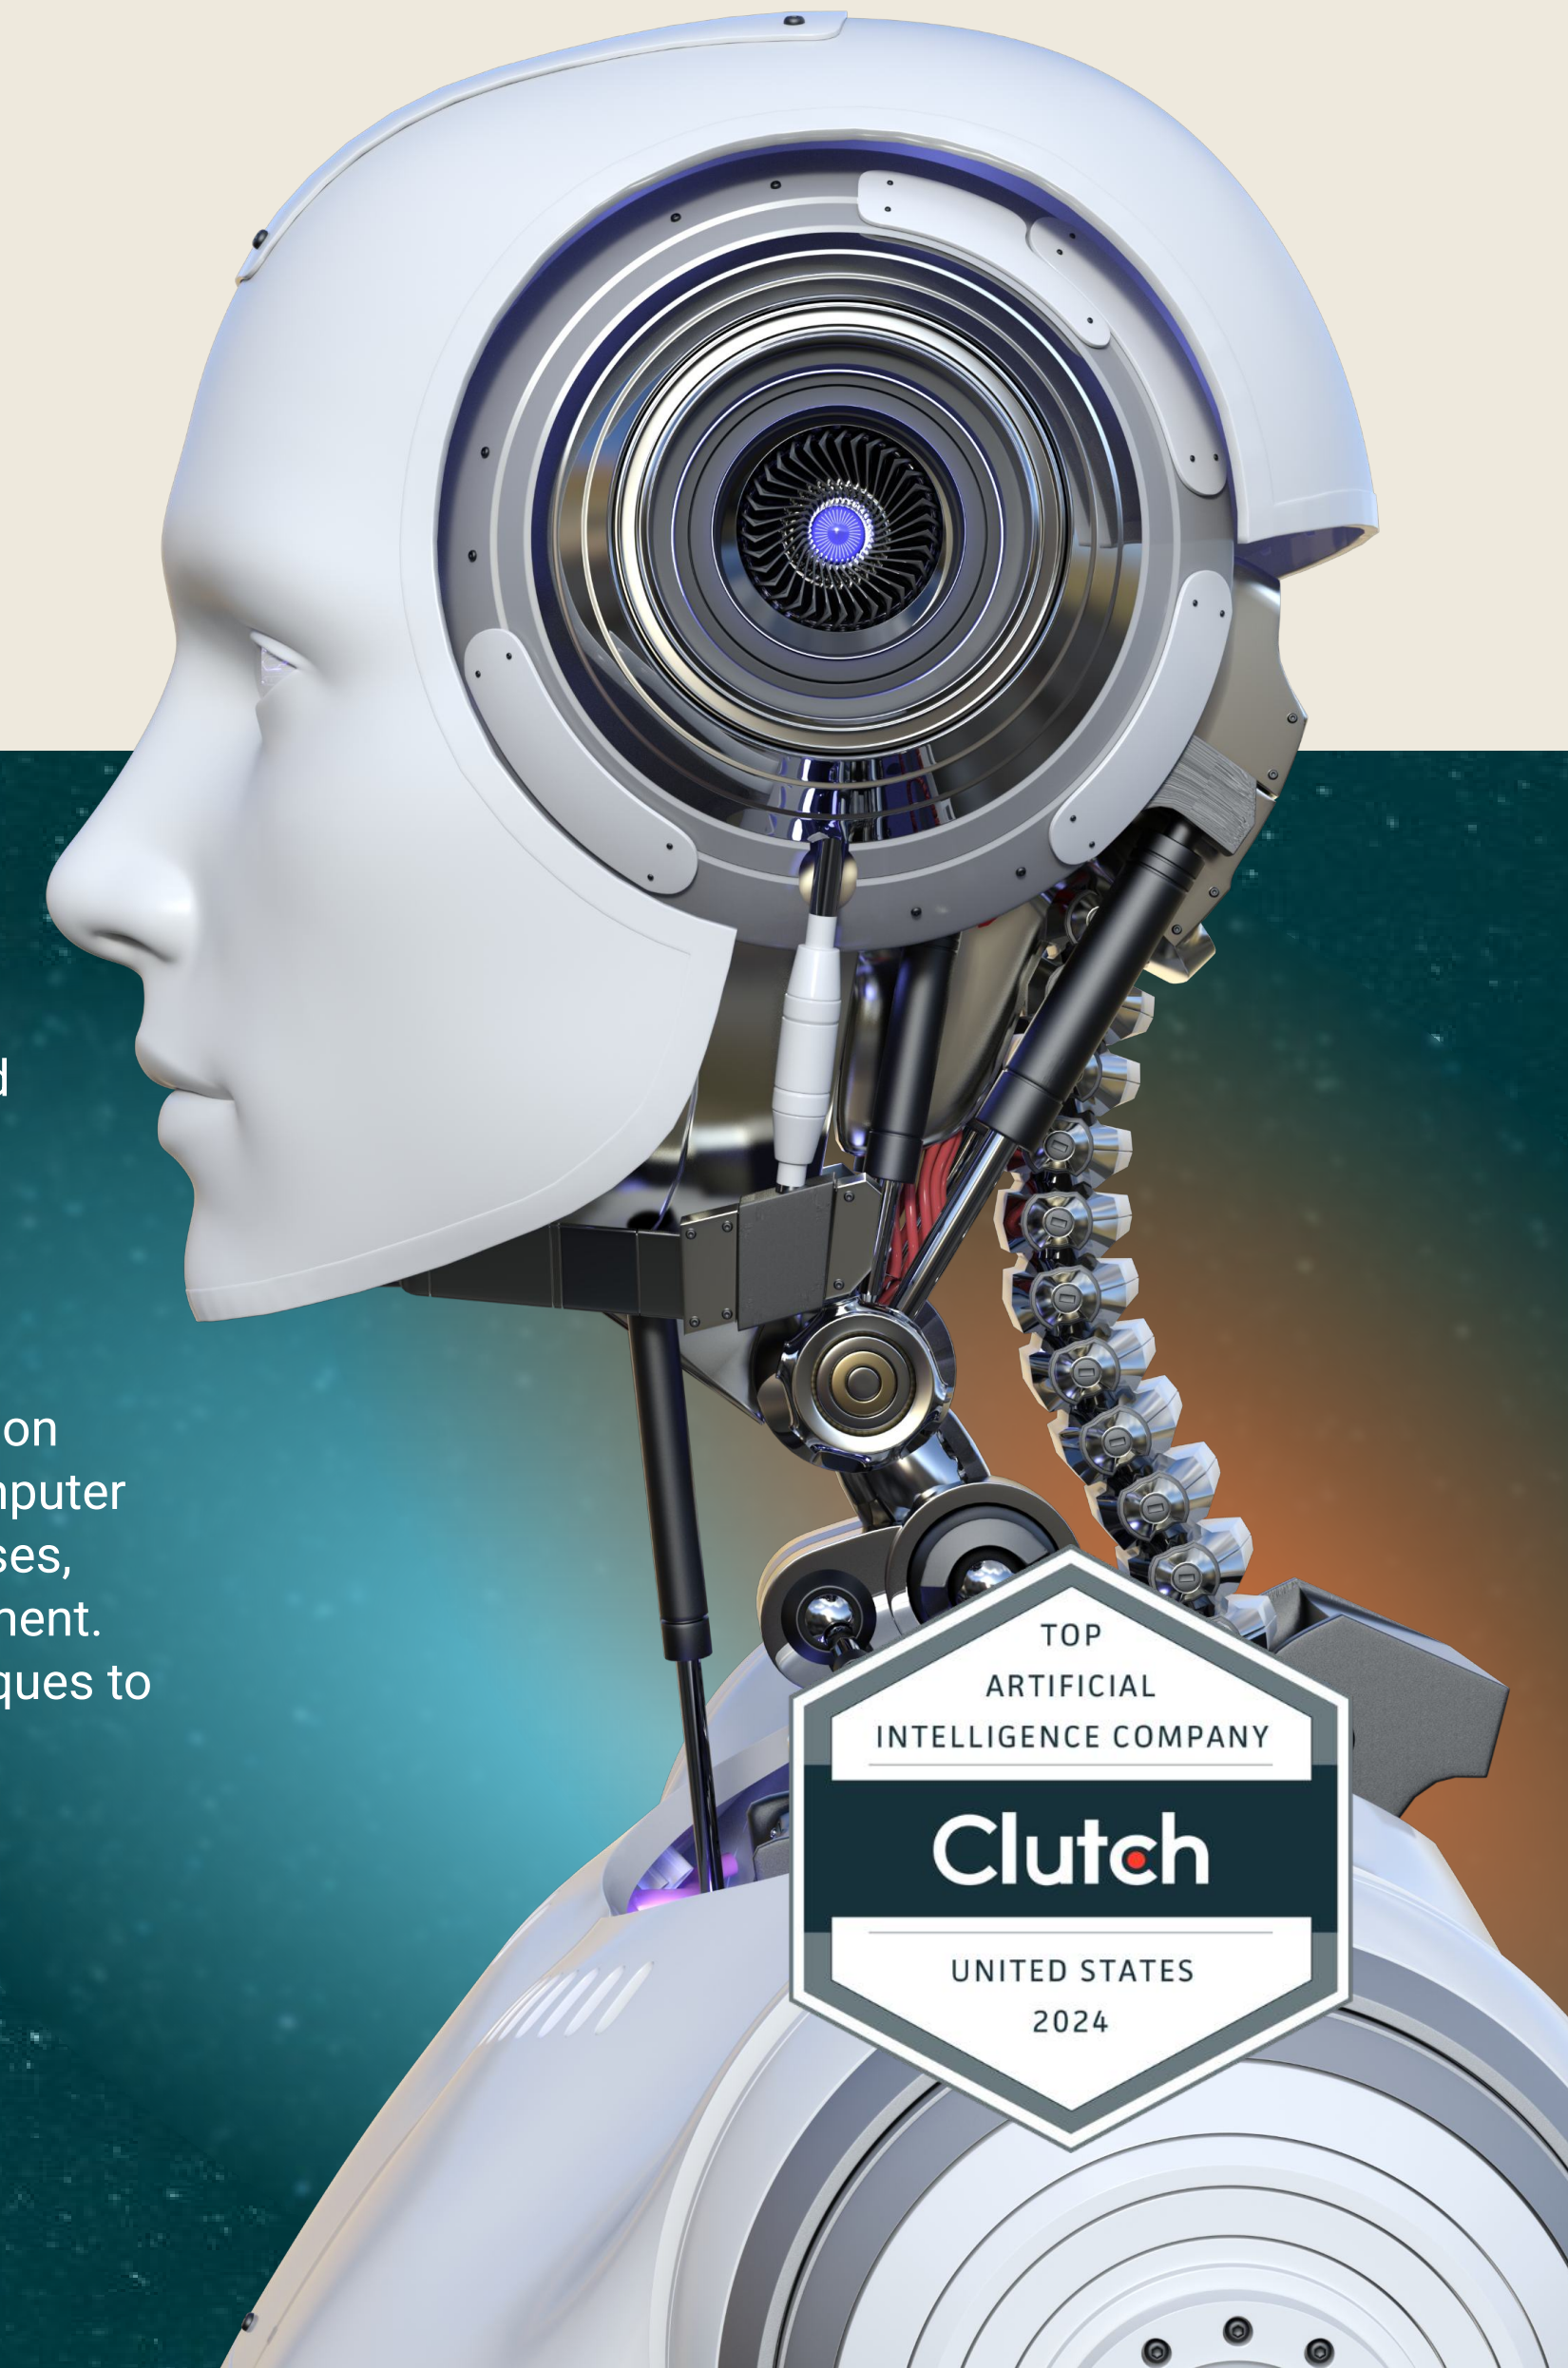

Navigate the complexities of AI with confidence through our expert consulting services. We provide strategic guidance on AI adoption, helping you identify the best opportunities for implementation and ensuring a smooth integration with your existing systems. Our consultants are here to support you from ideation to deployment, ensuring that your AI initiatives are successful and sustainable.

2. MACHINE LEARNING

Discover the power of data with our machine learning services. We build and deploy scalable machine learning models that can predict outcomes, optimize operations, and uncover hidden patterns.

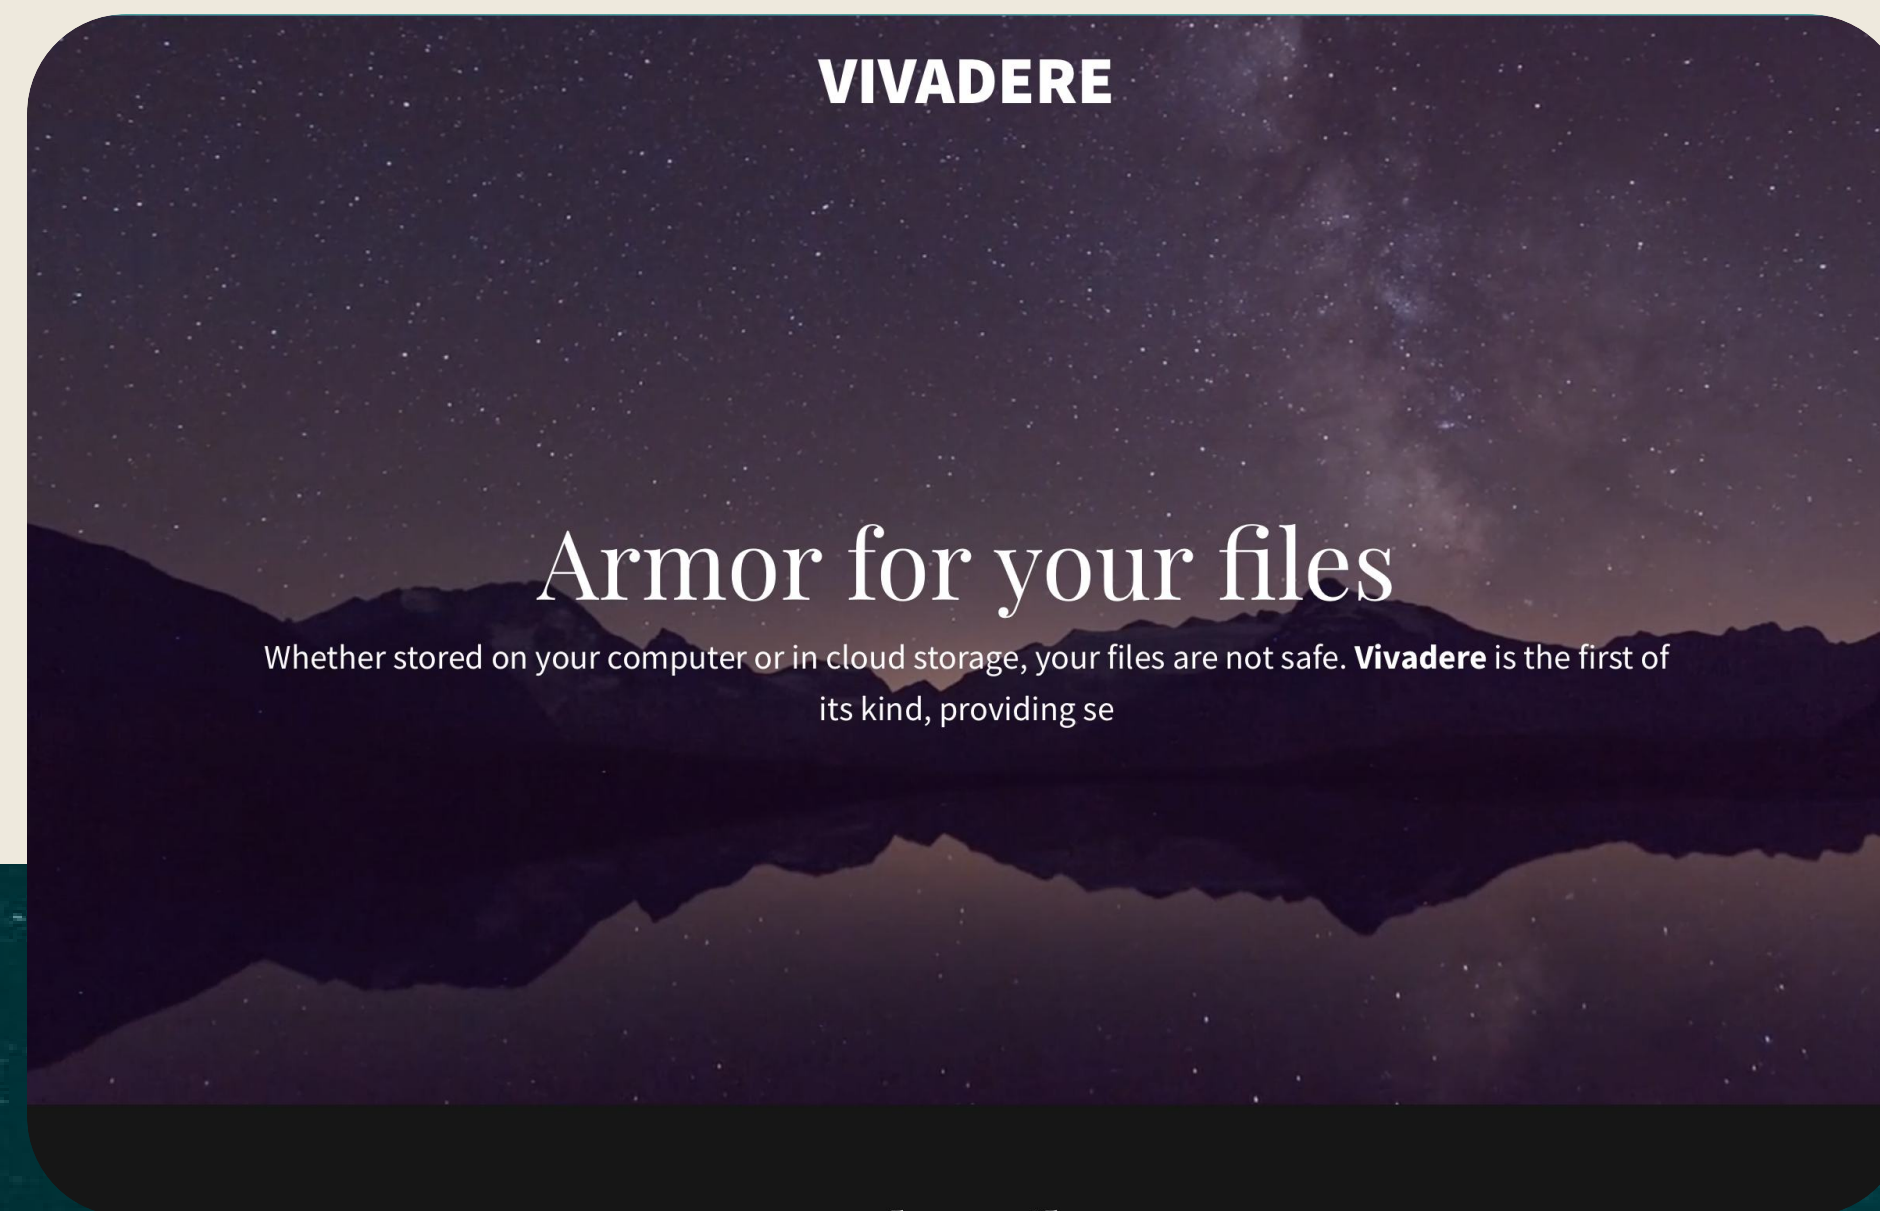

4. COMPUTER VISION

Transform the way you see the world with our computer vision services. From image recognition to video analysis, our computer vision solutions can automate and enhance various processes, such as quality control, surveillance, and customer engagement. We leverage advanced algorithms and deep learning techniques to deliver precise and reliable results.

CASE STUDIES

AI DEVELOPMENT

VIVADERE

Vivadere is an AI-powered document management system that ensures secure user authentication with 98% accuracy by analyzing up to 36 facial features in real-time via webcam or mobile camera. Additional validation guarantees 100% reliable authentication, even with databases containing tens of thousands of records.

SKYTHERAPIST

Sky Therapist's AI platform intelligently matches patients with the ideal healthcare professionals by analyzing over 12 key variables, including specialization, experience, patient ratings, and personal preferences. Using machine learning, it predicts the best fit for each case, offering personalized doctor recommendations that ensure optimal outcomes. Patients then choose from a tailored list, ensuring care that aligns perfectly with their needs and expectations.

TELEMEDICINE

Telemedicine makes up nearly one-fourth of the health IT market, which was valued at \$115 billion in 2023 and is expected to increase to nearly \$600 billion by 2030 with a compound annual growth rate of 4.8%.

OUR OFFER:

- Admin control
- Unlimited doctor and user acquisition without per-user pricing

- Flexible maintenance
- Mobile compatible
- Built-in billing system

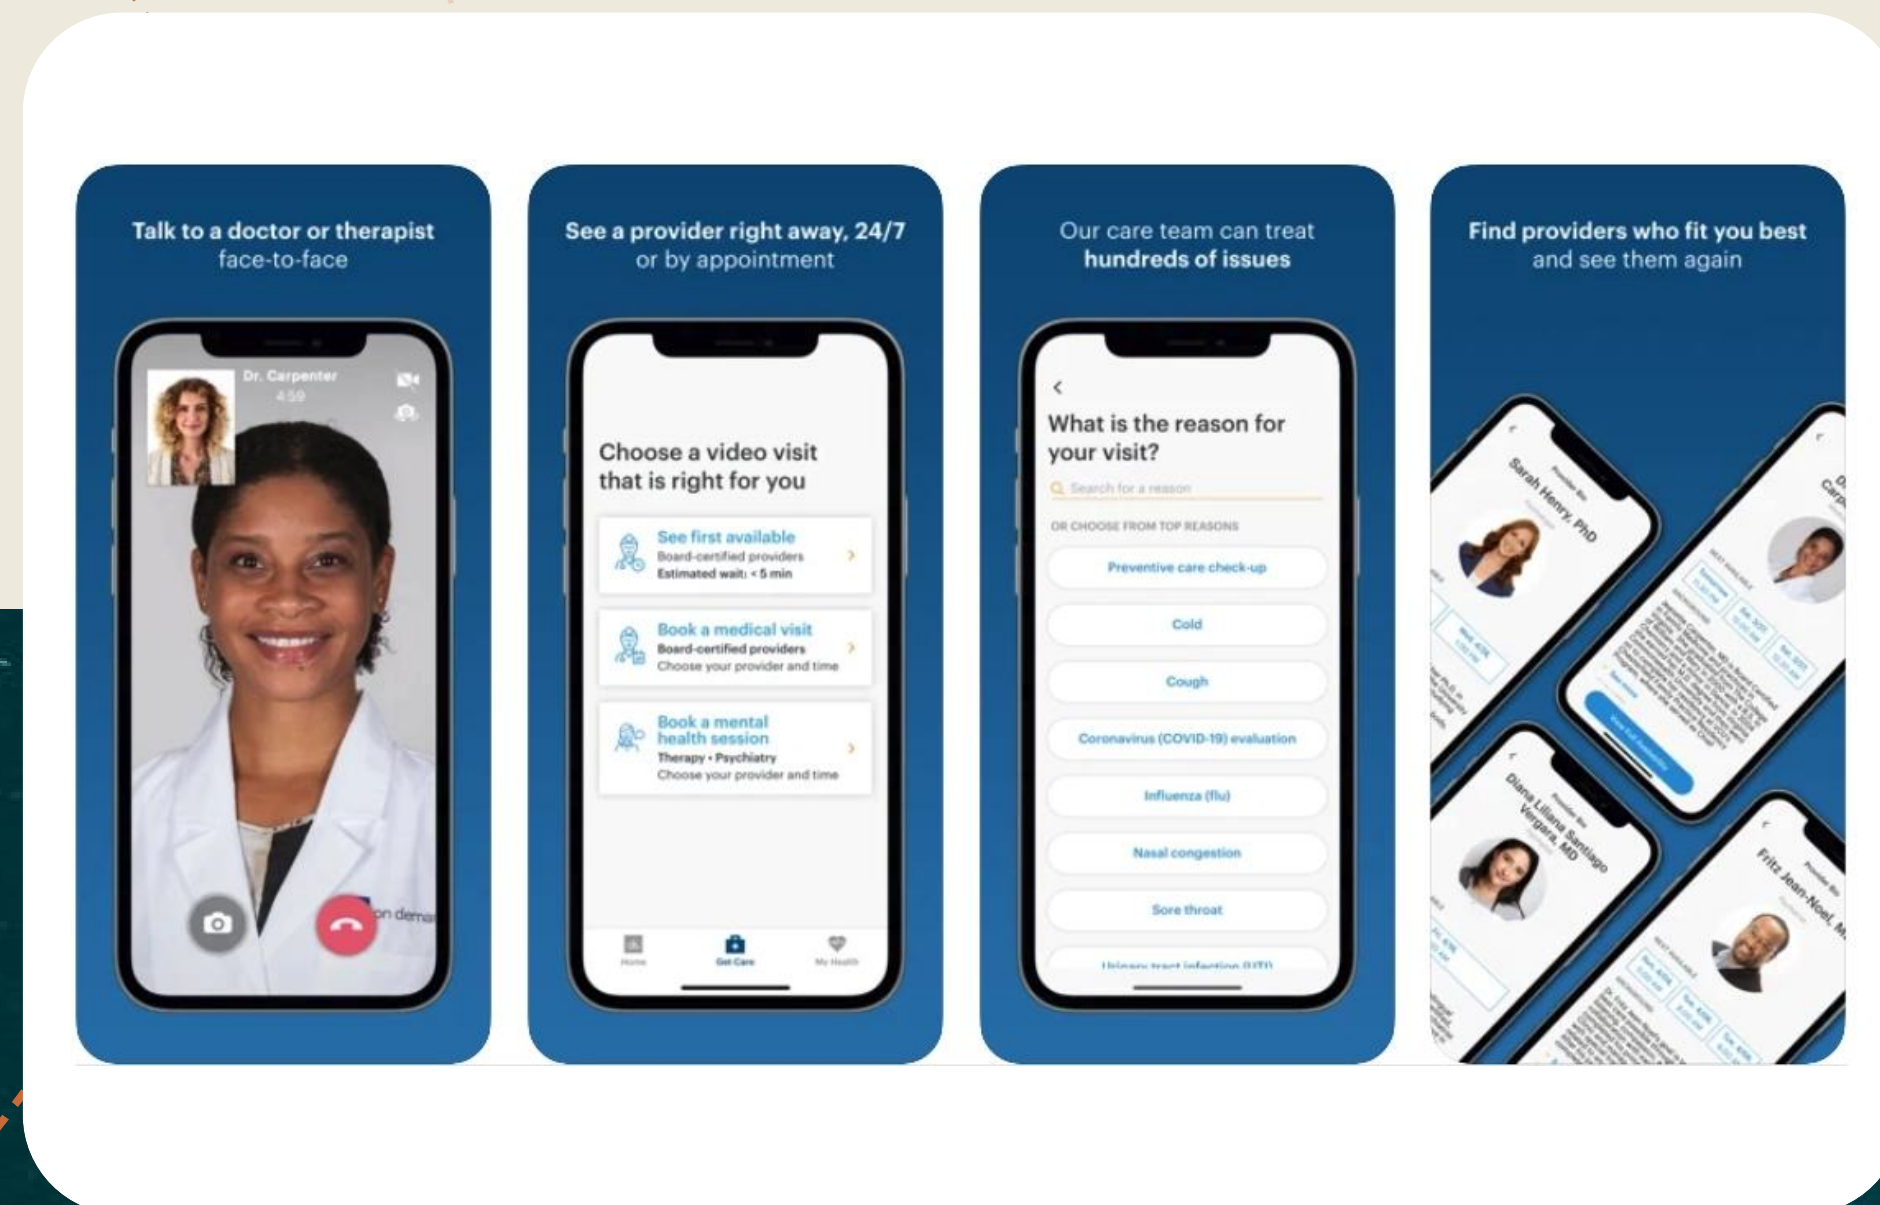

- DEA authorization for controlled substance
- License authentication
- Insurance authentication

- Full video chat services
- Scheduling and booking
- SureScripts integration to write e-scripts
